Each subject pronoun has a corresponding reflexive pronoun.

Complete the chart with the reflexive pronoun for the subject:

Reflexive pronouns			
yo	<u>me</u>	nosotros/as	_____
tú	_____	vosotros/as	_____
Usted (Ud.) él/ella	_____	Ustedes (Uds.) ellos/ellas	_____

Certain verbs in Spanish are reflexive verbs. This means that you conjugate the verb as you would any other verb, but you also add a reflexive pronoun. The reflexive pronoun and the verb both match the same subject:

Actividad 1:

Identify the reflexive verb pronoun for the following subjects:

Ejemplo: mi amigo Manuel = se

1. yo = _____
2. tú = _____
3. Señor Rodriguez = _____
4. mi amigo Manuel = _____
5. mi amiga Ana = _____
6. mi familia y yo = _____
7. Ustedes = _____
8. vosotros = _____
9. Andrés y Miguel = _____
10. María y Elena = _____

To conjugate a reflexive verb, you must follow four steps:

The verb “lavarse” is a reflexive verb that means “to wash oneself”

1. First, identify the correct reflexive pronoun according to the subject:

lavarse – yo = **me** (reflexive pronoun)

2. Then, remove the end of the verb as you normally would:

lav**arse**

3. Next, conjugate the verb according to the subject:

lav – yo = **lavo** (conjugated verb)

4. Finally combine the reflexive pronoun and the conjugated verb:

lavarse – yo = **me lavo** “I wash myself”

Actividad 2:

Conjugate the following reflexive verbs using the above steps:

Ejemplo: ducharse – yo = **me ducho**

1. yo – ducharse = _____

2. tú – lavarse = _____

3. mi amigo Cristian – bañarse = _____

4. mi amiga Adriana – levantarse = _____

5. Usted – prepararse = _____

6. mis amigos y yo – pintarse = _____

7. vosotros – cortarse = _____

8. ustedes – secarse = _____

9. mis amigos – cepillarse = _____

10. mis amigas – arreglarse = _____
